CERTIFICATE

This is to certify that **SKG REFRACTORIES LIMITED** B-139 MIDC, Butibori, Nagpur-441108 (M.H.) have provided complete Refractory lining for 4000 TPD Cement Plant at Kamanpur, Lamahi-7, Dang, Nepal.

We wish to place on record our appreciation for the quality of services provided. The refractory material given by **SKG REFRACTORIES LIMITED** were quite economical safe & well installation. They released the material well in advance, helping us in maintaining our installation schedule.

Their scope of work included supply and installation of refractory in Cyclones, Kiln, TAD and Cooler. Also they were required to visit site periodically for inspection of work and progress.

Based on our experience we recommend **SKG REFRACTORIES LIMITED** Maharashtra (India) for complete of large projects with time bound schedule.

We wish them all success.

For Samrat Cement Pvt. Ltd.
